CORRESPONDENCE/GENERAL DISCUSSION:

NONE

OLD BUSINESS:

- Bass Island Park. Jane spoke with Kate Waldo from Manchester Parks Department regarding the erosion measures discussed. The City has allocated \$60,000 for the project. Once a shoreland application is submitted we will have a chance to review it. Jane is not sure if they hired an engineer or if it will be done in-house. Jane also commented that she is still waiting to hear from granting sources regarding their application for boat launch funding and for funding for storm water mitigation on the island through the LWCF Congressional Funding.
- The Friends of the Piscataquog River Park. The FPRP group has been very active with clean ups and invasive species eradication. In April they picked up a significant amount of trash with 50 volunteers. Their next meeting is scheduled for August 10 @ 6:30 at the Senior Center in Manchester. Jane will plan to attend. Jane recommends including the FPRP organization and other active volunteer groups (Namaske Lake Association, Glen Lake Association), and their efforts along the River, in our Management Plan update.
- Hadley Falls Dam Update – Goffstown. Mr. Cadorette updated the committee on the state's decision to surrender the FERC license on the Hadley Falls dam and to remove it. The Committee discussed other various efforts it could take to support the Town on Goffstown in their efforts to save the Hadel Falls Dam from being removed.
 - There will be a public information meeting hosted by NH DES, which all members are encouraged to attend, at Saint Anselm College, in Goffstown on Tuesday, August 22nd at 6:00 pm. More information can be found at the Town of Goffstown's website, here: <https://goffstown.com/community/calendar/211-public-meeting/2908-piscataquog-river-dam-public-information-meeting-nh-institute-of-polices-100-saint-anselm-dr>.
 - Jane offered to reach out to Ted Diers, Environmental Programs Administrator, NH DES, Water Pollution Division, to see if he could provide the Committee and additional information on the current status of the Hadley Falls Dam.
- Piscataquog River Management Plan (PRMP). The Committee discussed the next steps for updating the PRMP.

- John will reach out to DES to confirm the grant application process and important deadlines.
 - The Committee believes the process to be:
 - Submission of letter of intent by September 15
 - Final application is due December 15th.
 - Awards announcement June 2024.
- Jane will reach out to SNHPC to see if they are interested in assisting us with the update.

- Goffstown Pedestrian Bridge (Goffstown Rail trail). Andrew reported the Bridge Committee continues to meet and is moving forward with the Ad Hoc committee scope.

NEW BUSINESS:

- A Rimmon Heights group, on the West Side, is working on adopting the boat launch area on Electric Street on Namaske Lake.
- Eagle Scout, Connor Bishop has built a kiosk in the Piscataquog River Park for the FPRP identifying the river, the watershed, trails, flora and fauna and more. Jane offered to write a letter of thanks to him, from the Committee, supporting his efforts.

John will reach out to DES and confirm Committee members term expirations.

NEXT MEETING:

The next meeting will be the **third Tuesday, September 19, 2023**, 5:30 pm at the Weare Public Library.
