RE: [Alteration of Terrain Application \(RSA 485-A:17\) NHDES File Number: 250822-151.](#)

The Piscataquog River Local Advisory Committee (PRLAC) reviewed the [amendments](#) to the subject Permit Application at our January 27, 2026 meeting and provide the following comments, which are the same comments we provided in our October 16, 2025 letter:

- Recommend the use of wildlife friendly erosion control fabric and materials.
- Reclamation seeding and plantings should use only native species and any reclamation should avoid bio-solid based products.

We note that the amendments will lead to a reduction in runoff during the 2-, 10-and 50-year rainfall events.

Sincerely,

John Magee

Chair, PRLAC
